

V₃ANTAGESM EQ⁺

The V3 Difference In Conditions program is designed to offer a DIC policy including Earthquake and Flood coverages for small to mid-sized commercial businesses in California and the Western United States. V3 provides non-admitted coverage through designated excess and surplus lines brokers.

COVERAGE HIGHLIGHTS

- Quality Carrier Panel rated A or better
- Target limit of \$10M, TIV up to \$100M for multi-location risks
- Target primary to full limit risks, buffer/excess layers will be considered
- Target Occupancies include Commercial Habitational and General Commercial including: Office, Real Estate, Entertainment, Hospitality, Light Manufacturing, Municipalities and Retail
- Minimum 5% EQ deductible in CA
- All types of construction and parking available for consideration
- Age of risk 1940 and newer for EQ, older buildings may be submitted for consideration
- All accounts are fully modeled – provides accurate risk pricing and eliminates churning of portfolio at renewal
- Minimum Premium: \$3,500

SUBMISSION REQUIREMENTS

- Electronic Schedule of Values
- Summary of account layering, deductible and coverage
- Expiring carrier information
- Loss runs, if any
